

ART THROUGH THE AGES

There may be no more enlightening way to discover history than through the magnificent art that has been created by masters century upon century. This captivating series of documentaries embraces that thought blending masterful works of art and music to depict important themes throughout history. In all the themes within the series include: *America; Christian: The Story of Christ in Art; Europa; Eros; Macabre; Medieval; Renaissance; Victorian; Orient.*

Christian: The Story of Christ in Art

Narrated by Claire Dodin, this moving documentary uses art masterpieces from the 13th century through the 19th century, featuring many of the world's greatest artists, including Botticelli, da Vinci, Raphael, Jaume, Rubens, Bougereau, van Eyck, Hughes, Memling and Rembrandt, and combines classical music by several of the world's greatest composers, including Mozart, Handel, Faure, Gaunlett and Schubert, to tell the story of Jesus Christ and Christianity through the ages. Century by century each painting and artist is clearly identified, while the power of the visuals and the emotion of the music help define the human experience of Christian religion.

Note: A PDF file, which indicates the names and artists of all the works of art and music, may be opened on any computer.
