

Science for Children

ANIMAL SAFARI FOR CHILDREN

A series produced especially for children to give them the opportunity to get to know some of Africa's most common wild animals. Filmed on location entirely in Kenya, each program contains footage that shows the animals' behavior in their natural habitat. Produced by TSI, Inc. 02/05DR 4 videos or DVDs 21 min. each

African Animals 1:

Lion; Elephant; Flamingo

African Animals 2:

Giraffe; Warthog; Leopard

African Animals 3:

Hippopotamus; Zebra; Antelope

African Animals 4:

Ostrich; Cheetah; Rhinoceros

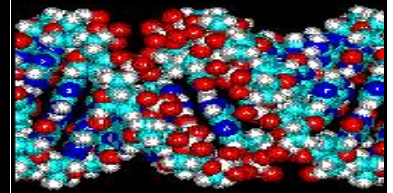

ANIMAL CONSERVATION SERIES

Two New programs on video and DVD that introduce children to animal conservation.

Animal Habitats and Communities
03/06DR 30 min.

Cranes 1: Sandhill Cranes
03/06DR 20 min.

CHILDREN LOOK AT SCIENCE SERIES

This series is all about children helping children understand six often difficult to understand scientific concepts. With the help of scientists, teachers, and the animated art of elementary-age school children each cognitive "puzzle" no longer needs to be a burdensome mystery for children. Produced by TSI, Inc. 02/05DR 3 or 6 videos and DVDs. 11 min. per part

1a. Helping Children Understand Matter

1b. Helping Children Understand DNA

2a. Helping Children Understand the Solar System

2b. Helping Children Understand Outer Space

3a. Helping Children Understand How We Learn

3b. Helping Children Understand the Brain

NATURAL AND PHYSICAL SCIENCE SERIES

Four programs on video and DVD that introduce children to natural and physical science topics.

Dinosaurs: Time Trackers - In Search of Extinct Animals
03/06DR 15 min.

Engineers: Everyday Heroes
02/06DR 15 min.

Insects 1: Insect Classification
99/06DR 20 min.

Insects 2: Collecting Butterflies and Moths
99/06DR 30 min.

C-SQUARED: INTERACTIVE SCIENCE SERIES

This series offers an interactive way to learn about science, technology, and the environment. Each hands-on challenge motivates students to become active learners; also profiles of real-life scientists provide supportive information.

Produced by TV Ontario. 2000
6 videos or DVDs 25 min. each

1. Diversity of Life

2. Motion and Force

3. Flight

4. Electricity

5. Chemical and Physical Change

6. Space
